

**SOFTWARE USAGE AGREEMENT
FOR
Government Purposes Only - Intra-NASA Release
of
NASA Ames Research Center SOFTWARE**

(Name of NASA Center, Department/Division, Project)

(hereinafter RECIPIENT) has requested that the United States Government as represented by the National Aeronautics and Space Administration, Ames Research Center, located at Moffett Field, California 94035-1000 (hereinafter NASA), release the following computer software:

Name of Software to be released: Automated Triangle Geometry Processing For Surface Modeling And Cartesian Grid Generation (CART3D) Version 1.3

NASA Technology Number: ARC-14275-1 (hereinafter SOFTWARE)

Description of Software: Cart3D is a high-fidelity inviscid analysis package for conceptual and preliminary aerodynamic design. It allows users to perform automated CFD analysis on complex geometry. The package includes utilities for geometry import, surface modeling and intersection, mesh generation and flow simulation. Currently the package includes two flow simulation codes, Tiger, and flowCart.

Additional information about the software is located at the following web site:
<http://people.nas.nasa.gov/~aftosmis/cart3d/>

Software code to be released: Source

The authority for NASA to release SOFTWARE is NASA Policy Directive (NPD) 2210.1A.

The following restrictions and conditions apply to this release:

1. This SOFTWARE is not in the public domain and nothing in this Agreement shall be construed as making the SOFTWARE available to the public without restriction. The SOFTWARE shall be used for Government Purposes only. This SOFTWARE may be copied and used by federal government employees and by Government support service contractors at

(Name of NASA Center, Department/Division, Project)

2. Other than as specified in clause 1, there shall be no further release, distribution, or publication of the SOFTWARE by RECIPIENT, or its contractors or subcontractors given access to the SOFTWARE, without the express prior written approval of NASA Ames Research Center (ARC).
3. The SOFTWARE remains the property of NASA. If the SOFTWARE is modified or enhanced, NASA ARC will be provided the complete source code of the modified or enhanced version. There shall be no further release, distribution, or publication of any modified or enhance version of the SOFTWARE without the express prior written approval of NASA ARC.
4. Excluded from the foregoing restrictions is information that:
 - a. was published, known publicly or otherwise in the public domain prior to the effective date of this agreement;
 - b. was known to RECIPIENT prior to the effective date of this agreement, provided that RECIPIENT shall have the burden of establishing such prior knowledge by competent written proof;
 - c. subsequent to the effective date of this agreement, is published by NASA, or becomes publicly known, or otherwise becomes part of the public domain through no act or omission of RECIPIENT; or
 - d. subsequent to the effective date of this agreement, is made available to RECIPIENT by a third party under no obligation of confidentiality.
5. NASA ARC shall be neither liable nor responsible for any maintenance or updating of the SOFTWARE, nor for correction of any errors in the SOFTWARE.
6. The SOFTWARE is intended for domestic use only and shall not be made available to anyone outside of the United States. In addition, within the United States, the SOFTWARE shall not be made available to foreign persons (as defined by 22 CFR §120.16).

Furthermore, the SOFTWARE shall not be provided to any person or entity listed on any “denied parties/persons” list (including the Office of Foreign Assets Control, Specially Designated Nationals and Blocked Persons; Office of Foreign Assets Control, Changes to List of Specially Designated Nationals and Blocked Persons; Office of Defense Trade Controls, List of Debarred Parties; Bureau of Export Administration, List of Denied Persons; Bureau of Export Administration, Entity List).

RECIPIENT certifies that it is not a foreign person (as defined by 22 CFR §120.16) and is not listed on any of the aforementioned lists.

7. If the SOFTWARE and/or any documentation provided with the SOFTWARE includes a copyright notice, or other restrictive marking or legend, identifying it as a work of a third party, the third party software or documentation will be governed by the terms and conditions of its copyright, or other restrictive marking.
8. The restrictions on disclosure and distribution imposed by this Agreement shall apply to any software code developed by RECIPIENT or its contractors or subcontractors given access to the SOFTWARE that incorporates any portion of the SOFTWARE.
9. RECIPIENT shall inform its employees, contractors and subcontractors given access to the SOFTWARE of the restrictions specified herein.

10. The effective date of this Agreement shall be the date RECIPIENT acknowledges receipt of this Agreement as set forth below.

11. The RECIPIENT agrees that a facsimile signature shall be valid and have full force and the same effect upon him/herself if an individual, or upon the company or entity if representing such, as original signatures
